Directions for Completing & Scoring Club PEP Report:

Complete the information requested.

In each goal section, place a check in the boxes for items that your club has demonstrated for this club year. Scoring is reflected by the number of checks placed in boxes; however, all clubs submitting a completed report will obtain recognition.

A committee (President for the year the report is completed, President Elect - chair, Recording Secretary and Treasurer) should complete this form. The chair should mail/fax/email the original to PI Headquarters, with copies to the District Governor and the District Council Representative. A copy should also be retained in the club's files. The committee should review this form throughout the year and use it in the spring to plan for the new club year. The chair should get input from the membership as well as share the results of the completed form with the club.

Club excellence is determined by achievements accomplished during the entire club year, July 1 through June 30.

The application should be postmarked/faxed/emailed no later than August 15th.

PI will provide a certificate for each club that completes a PEP Report. These certificates will be sent to the District Governors for presentation at District Conventions.
